Salt Lake City, UT 84114-5801

Dear Mr. Haddock:

I have just received a copy of your letter dated October 27, 2006, directing Bluffdale Sand & Gravel to submit a plan to the DNR to resolve zoning/mining conflicts in Bluffdale, UT. Prior to this point, Bluffdale Sand & Gravel was assured by Steven Thomas Gyuro, a former employee and associate of the owners of the company, that all proper steps had been taken, and that the reclamation of the Bluffdale property had been completed. Apparently, this is not the case.

Although Bluffdale Sand & Gravel is no longer a going concern, The FrontGate-Sundance Alliance – an entity owned by Bluffdale Sand and Gravel's former shareholders – would like to conform to the requirements of the original permits. Thus, we would at this time like to formally request a 90 day extension of the abatement deadline so that we may meet with the current owners of the Bluffdale property, and if necessary, send a representative to meet with city officials and implement a plan to successfully reclaim the land.

Sincerely,

Stacey Y. Jenkins
General Counsel
